SA International and KIP America Partner for ISA International Sign Expo

Salt Lake City, UT – April 19 , 2011 – SA International (SAi) announces a partnership with KIP America to create a printer driver in SAi’s Flexi 10 for the KIP Color 80 printer.

KIP is a leading provider of wide format digital solutions for the architectural, engineering, manufacturing and sign industries. The KIP Color 80, which is a high-production toner-based printer that outputs up to 2,000 sq. ft. per hour, delivers high quality prints with incredible speed.

Visit KIP America’s booth number 2308 to see Flexi 10 software design, RIP and print jobs to the KIP Color 80. For further information about how you can run Flexi 10 with your KIP Color 80, visit by SAi’s booth 4335.

“KIP’s products are highly innovative and are the perfect complement to our Flexi Family of print and design solutions,” states Don Feagan, President & COO.

“KIP recognizes SA International as an industry leader in sign making software and we are excited to partner with them for our groundbreaking KIP Color 80 printer,” states Sonny Odom, VP of Sales for KIP America.

About SA International:

SAi is recognized as a global leader in providing complete, professional solutions for the sign making, digital printing and CNC machining industries. The Company’s solutions help turn creative ideas into reality by providing world-class design and editing tools geared for production. Headquartered in Salt Lake City, Utah, SAi has additional offices in Belgium, Brazil and China.

About KIP America:

KIP is the modern leading innovator in monochrome & color wide format printing and image capture technology. In addition, KIP is a major provider of wide format digital solutions for architectural, engineering and manufacturing industries – solutions that deliver efficient, dependable and consistently high quality performance.
